

## Windsor Elementary Student Leadership Advisory Updates

### **Student Leadership update:**

- 67 students in grades 3-5 serve as Student Leadership Advisory members. Meetings held have sought student voice around jobs we should have at Windsor and ways to make our school safer. Student leader jobs were formed by the top themes/votes and two of our building teams are incorporating safety ideas into building-wide actions. (see connection below to Leadership job)
- Student leader job updates
  - *Hallway monitors* are inside safety patrol for the hallways at the end of the day.
  - *Student Ambassadors* greet visitors to our school, most recently our guests for the Read Across America event.
  - *Reading Buddies* are in the process of getting set up. 5<sup>th</sup> grade student leaders will read with third grade students to boost literacy engagement.
  - *Tech team* will be making videos of schoolwide expectations.
  - *Clean up crew* walks the building and grounds and picks up garbage with grabbers and returns clothing to the Lost and Found area.
- We are working to find a way to integrate Student Leadership Advisory into ours and the students' schedules and are pleased with the students' excitement over opportunities to help their school. Only two have asked if they get paid!
